Welcome to
Open House 2024

Welcome to Brock.

Campus tours

11 a.m. – 4 p.m.

Tour our beautiful campus via our unique guided Hot Spot tours. See classrooms, service & support areas, recreational spaces, and more.

Visit all hotspots in order or just the ones that interest you most.

Tour Hot Spot options:

- 1) **West Side of Campus** (takes about 30 mins)
- 2) **East Side of Campus** (takes about 30 mins)
- 3) **Goodman School of Business Tour** (takes about 15 mins)
- 4) **Brock Sports & Recreation Tour** (takes about 15 mins)

Turn to the last page to learn more about where the tours begin and what you will see at each hot spot.

Information Fair

Ian D. Beddis Gymnasium

11 a.m. – 4 p.m.

Visit our program and service booths to learn about academic programs and ways to be involved both inside and outside of the classroom. Faculty, staff and student representatives will be ready to chat and answer questions about admissions, finance, residence, extracurriculars, meal plans, academic supports & services and much more! Refer to the large floor plan on your way into the fair or flip to page 20 of this program to easily locate the booths that interest you.

Residence tours

11 a.m. – 4 p.m.

Live on campus! Tours will be offered throughout the day, highlighting the various housing styles and benefits of being part of the residence community. Plan to spend approximately 20 minutes in each residence.

You will be able to see:

- **Lowenberger Residence** (semi-suite style) and **Village Residence** (townhouse style). Tour to see both will begin in the Lowenberger lobby.
- **DeCew Residence** (traditional style). Tour will begin in stairwell 8 of DeCew (enter from Jubilee Court at stairwell 6).
- **Residence 8** (semi-suite style) and **Earp Residence** (semi-suite style). Tour to see both will begin in Residence 8 lobby.

Please note:
See the map on the last page of the program for the marked locations.

Today is all about you — have fun and enjoy your day.

Refer to the next couple pages to read the schedule of events so you can plan your day & what you would like to see and attend.

Presentations & experiences

Faculty of Applied Health Sciences

Health Sciences presentation

David S. Howes Theatre (DHOWES)

12:15 – 1 p.m.

The Department of Health Sciences offers four different degree programs that provide students with the skills and knowledge to meet the changing needs of society. Degree programs are offered in Child Health, Community Health, Medical Sciences, and Public Health. Attend this session to learn more about our unique programs and experiential learning opportunities. If you wish, after the presentation, meet outside of the lecture hall for the Brock Functional Inclusive Training Centre (Bfit) tour that will start at 1:15 p.m.

Brock Functional Inclusive Training Centre (Bfit) - Health Sciences tour

Meet at David S. Howes Theatre (DHOWES)

1:15 p.m.

Bfit pursues innovative, multi-disciplinary research and provides supervised community exercise programs to improve health in older adults, cardiac patients, and individuals with spinal cord injury, multiple sclerosis, Parkinson's, amputees and various other neurological conditions. We strive to encourage members in their pursuit of maintaining and improving cardiovascular and muscular fitness, enhancing balance and stability, increasing confidence, and maintaining independence. By working within our Centre, students can apply their classroom knowledge to real-life situations and develop skills in dealing with special populations. There are various courses within the Faculty of Applied Health Sciences programs that include practicum components at the Bfit Centre.

Health Sciences Lab tours

Meet at Cairns Complex 310 (Human Anatomy Lab)

2 p.m., 2:20 p.m. & 2:40 p.m.

The Department of Health Sciences teaching lab tour will showcase a variety of innovative teaching labs that complement lecture-based learning. Students will get a sneak peek at labs associated with physiology, immunology, and pathology.

Kinesiology presentation

David S. Howes Theatre (DHOWES)

11:15 a.m. – 12 p.m.

The Department of Kinesiology is one of the largest and ranks 9th among 45 Kinesiology schools in Canada. The department offers four different degree programs, all of which are in high demand. Degree programs are offered in kinesiology, science of kinesiology, physical education, and concurrent physical education/education. Courses encourage students to create, integrate and apply knowledge from the biosciences, social sciences, and humanities in the transdisciplinary study of human movement as it applies to health and performance across the lifespan. The Accelerate into Master's (AIM) program in Kinesiology (concurrent entry into our BKin and Master of Professional Kinesiology) offers students the opportunity to earn both their undergraduate and graduate degrees in 5 years. Join our session to learn more about our exciting degree programs offered by the Department of Kinesiology.

Kinesiology Lab tours

Meet at the main entrance of the Walker Complex (near Tim Hortons)

12:15 p.m., 12:45 p.m. & 1:15 p.m.

The Department of Kinesiology at Brock is committed to providing students with an advanced understanding of all aspects of human movement as it applies to health and performance through innovative lectures and lab-based coursework in state-of-the-art research and teaching labs. The teaching labs are designed to complement our kinesiology curriculum, providing experiential education opportunities to our undergraduates. The research labs are home to the research of our faculty members and graduate students, with opportunities for undergraduates to participate in exciting and advanced research projects throughout their studies.

Brock Functional Inclusive Training Centre (Bfit) – Kinesiology tours

Meet at Cairns Complex 310 (Human Anatomy Lab)
1:45 p.m., 2:15 p.m. & 2:45 p.m.

Bfit pursues innovative, multi-disciplinary research and provides supervised community exercise programs to improve health in older adults, cardiac patients, and individuals with spinal cord injury, multiple sclerosis, Parkinson's, amputees, and various other neurological conditions. We strive to encourage members in their pursuit of maintaining and improving cardiovascular and muscular fitness, enhancing balance and stability, increasing confidence, and maintaining independence. By working within our Centre, students can apply their classroom knowledge to real-life situations and develop skills in dealing with special populations. There are various courses within the Faculty of Applied Health Sciences programs that include practicum components at the Bfit Centre.

Nursing presentation

David S. Howes Theatre (DHOWES)
1:15 – 2 p.m.

The Department of Nursing is known for its varied clinical experiences coupled with its new, state-of-the-art simulation labs and outstanding dedication to the highest quality teaching. Our nursing graduates leave Brock with a well-regarded reputation for excellence and have the knowledge and skills to be health care leaders in Niagara and beyond. Join this information session to learn more.

Nursing Lab tours

East Academic, buildings #2 & #3
(across the street by Tim Hortons & McDonalds)
11 a.m. – 4 p.m. (drop-in)

Our Clinical Simulation Labs are replicated health care facilities. Drop by throughout the day to see these leading-edge spaces.

Recreation and Leisure Studies presentation

South Block 202

2:15 – 3 p.m.

Choosing a university program can be overwhelming, but we can help. If your interests include spending time outdoors, fostering social and environmental change in the world, community building, working to address broader community issues, or advocating for people of all abilities to live a life of meaning, then join us to explore our programs and career paths. Our 4-year Bachelor of Recreation and Leisure Studies with optional concentrations in Community, Outdoor or Therapeutic Recreation enables you to tailor your studies to your unique interests.

Experiential learning across all four years will expose you to a variety of settings across sectors and provide significant career building and networking opportunities. Our passionate alumni can be found thriving in fulfilling careers around the globe and across the field of leisure services. Join this session to hear more from current students and professors.

Sport Management presentation

Sean O'Sullivan Theatre

1:15 – 2 p.m.

The Department of Sport Management offers an internationally renowned program with a focus on the application of theory, principles, and practices of business to the multi-faceted sport industry. We have some of the best sport management professors in the world, who challenge our students to build their capacity to manage, analyze, problem-solve, organize and lead at the highest level.

Experiential learning is a high priority in our Sport Management program. We maintain active connections with our alumni in the sport industry, work closely with sport organizations at all levels and provide a range of opportunities for student engagement and networking across the 4 years of the program – field placements, internships, special events/conferences, guest speakers, international learning, and community volunteerism.

Our students thrive in this environment and as graduates, are employed in exciting careers across Canada and around the world. We invite you to attend this session and hear first-hand from some of these outstanding professors and students.

Faculty of Education

Explore the BA in Educational Studies & Concurrent Teacher Education programs with the Faculty of Education

Sean O'Sullivan Theatre
12:15 – 1 p.m.

Are you interested in exploring a career in the field of education? This presentation will explore a new degree at Brock; the BA Educational Studies (Honours), before taking a detailed look at Brock's highly respected Concurrent Teacher programs.

Goodman School of Business

Goodman School of Business presentation

Sean O'Sullivan Theatre
2:15 – 3 p.m.

The Goodman School of Business is a globally oriented, community-dedicated business school. Goodman provides students the chance to chart their own path to success. From innovative degree programs that provide a holistic learning experience to clubs and competition teams that build foundational leadership skills, your time at Goodman will provide you the opportunity to break through in business on your terms.

Goodman School of Business Student Clubs fair

Goodman School of Business Atrium
11 a.m. – 3 p.m. (drop-in)

At Goodman, experience matters. Visit our student leaders in the Goodman School of Business Atrium to learn about the student experience and opportunities available outside of the classroom. From the 12 business student clubs that put on more than 100 events each year to the competition teams that represent Goodman on the national stage, you can create a Goodman experience that matches your goals.

Campus Store

Plaza Building (ground floor)
11 a.m. – 4 p.m.

Don't forget to stop by our Campus Store to get your own Brock gear before you leave campus. We offer Brock clothing, merchandise, stationery, and more. Staff will also be available to explain our procedure for buying and selling textbooks. As a guest you can receive a 15% off coupon at the Campus Store by subscribing to our newsletter in store! Start stocking up on your Brock gear now!

Faculty of Humanities

Faculty of Humanities: Your first-year experience

Meet the Dean and Associate Deans for the Faculty of Humanities, hear presentations about your first-year of study, and engage in a Q&A with the Associate Deans about joining the Humanities communities at Brock.

Learn how to read — again, for the first time

South Block 202
11:15 a.m. – 12 p.m.

This presentation offers up a modified example of what you would hear on Day One of your first-year course with Dr. James Allard, Associate Dean, Undergraduate Student Affairs & Curriculum.

From ideation to presentation: What happens in the studio environment?

South Block 202
12:15 – 12:45 p.m.

This presentation will introduce the dynamic day-to-day learning at the Marilyn I. Walker School of Fine and Performing Arts, with Dr. Linda Carreiro, Associate Dean, Fine and Performing Arts.

Experience the Department of Digital Humanities

Thistle 269 near the Rankin Family Pavilion
11 a.m. – 4 p.m. (drop-in)

Pondering a career in interactive media, video games, technical project development, or education? Join us in Digital Humanities to see our state-of-the-art, hands-on learning and collaboration spaces where you will spend time as an Interactive Arts and Science or GAME student at Brock. As you explore our multiple media development, audio recording, and virtual and augmented reality (VR/AR) lab spaces, you'll interact with faculty, staff, students, and graduates of our programs, who will be happy to share their work and speak to their experiences in this exciting area of study.

Marilyn I. Walker School of Fine and Performing Arts (MIWSFPA)

Specific tours for Dramatic Arts, Music, Visual Arts, & Studies in Arts and Culture

15 Artists' Common, downtown St. Catharines
(main lobby doors of the campus)
1:30 – 2:30 p.m.

Tour the classrooms, studios, and rehearsal spaces that you will be learning in during your time at this campus. Your Program Chair or Director will be available for questions you may have, along with students to convey their real-life experiences at the school. Free parking is available on-site.

MIWSFPA full campus tour

15 Artists' Common, downtown St. Catharines
(main lobby doors of the campus)
3 – 4 p.m.

Tour our 95,000 square-foot, state-of-the-art building and experience a dynamic hub of creative and intellectual activity. Formerly a 19th-century textile factory, explore the perfect mix of historic and modern features designed to inspire.

Shuttle bus to the arts campus in downtown St. Catharines - 1 p.m.

Gather outside of South Block 202 or at the statue outside of the Schmon Tower. You'll be taken via city bus down to the campus and a shuttle will take you back to main campus at 2:45 p.m.

Mathematics and Science at Brock

South Block 204
12:15 – 1 p.m.

Who is a scientist? Brock's Faculty of Mathematics and Science is where students become scientists! Work and study in classrooms, labs, and research sites with scientists at all career stages, from world-class researchers and award-winning instructors to student researchers at graduate and undergraduate levels. Learn all about experiential learning and research opportunities available to Brock students. Hear from current students as they share insights into first year and how they are preparing for careers in a variety of exciting fields.

Brock Engineering ignited: A confluence of excellence, innovation, and experiential learning

South Block 202
1:15 – 2 p.m.

Join us for an opportunity to learn the top ten reasons to choose Integrated Engineering at Brock. Hear about the range of academic study available as you start your journey to becoming an engineer. As a student, you'll immerse yourself in a dynamic learning environment, driven by cutting-edge research and industry partnerships. Our esteemed faculty members are not only expert educators but also seasoned professionals, providing you with invaluable mentorship and guidance during the presentation and following question and answer period.

Biological Sciences tours

1 p.m. (meet outside of South Block 204)
2:15 p.m. (meet at the Biological Sciences booth in the Info Fair)

On this tour, you will see a second year Molecular Biology teaching lab, visit the state-of-the-art greenhouse that is used by faculty for research and plant courses, see our Containment Level 3 lab where work on West Nile virus, Zika virus and other mosquito-borne viruses takes place and Inniskillin Hall where the CCOVI Research Institute is located.

Computer Science & GAME tours

Meet at the Computer Science booth in the Info Fair
1:30 p.m. & 3 p.m.

On this tour for Computer Science and GAME, students will visit our Computer Science labs and other community spaces alongside an informal talk with parents/students regarding the program.

Chemistry tour

Meet at the Chemistry booth in the Info Fair
1:30 p.m.

On this tour you will visit the 2nd-year organic chemistry and analytical chemistry labs. You will see the instrumentation housed in our undergraduate labs that students gain hands-on experience with and that you will be using as part of your undergraduate studies. The tour will also include a visit to the Roy and Lois Cairns Health and Bioscience Research Complex, where you will see our state-of-the-art research labs and instrumentation – Chemistry undergraduate students are encouraged to participate in research projects early on during their time at Brock.

Earth Sciences tour

Meet at the Earth Sciences booth in the Info Fair
1 p.m.

Physics tour

Meet at the Physics booth in the Info Fair
1 p.m.

Come visit our study, teaching and social spaces. In Physics, state-of-the-art research and learning go hand in hand in shared spaces. We'll check out the newest equipment, like the scanning electron microscope. The tour will conclude in the Physics student-room, there for you and your classmates to study and collaborate.

Grape & Wine Science: Tours of our Cool Climate Oenology and Viticulture Institute

Meet at the Oenology & Viticulture Booth in the Info Fair
12 p.m. & 2 p.m.

Come join us for a tour of Brock University's flagship research institute, the Cool Climate Oenology and Viticulture Institute (CCOVI). Brock is the only university in Canada to offer an undergraduate degree in grape and wine science (called Oenology and Viticulture). Join us for a tour to see the processing winery with fermentation tanks, our state-of-the-art sensory evaluation laboratory, our leading edge biotechnology and analytical facilities with robotic arms and our wine cellar, which can house 44,000 bottles. The hands-on experience students receive in grape and wine science and their interaction with industry during their studies leads to our 96% job placement rate upon graduation. Connect with us at CCOVI and think about a career in Canada's grape and wine industry.

Faculty of Social Sciences

Experience Social Sciences at Brock presentation

South Block 204
11:15 a.m. – 12 p.m.

Do you want to change the world for the better? Programs across Brock's Faculty of Social Sciences provide you with the opportunity to push boundaries while developing critical thinking skills as you explore the issues that individuals and societies face today and in the future. In this session, you will hear about experiential learning opportunities, the student experience, and exciting career paths in the social sciences.

Experience Speech Sciences: Demo class, student panel, and Q&A (brought to you by the Department of Applied Linguistics)

South Block 201
2:15 – 3 p.m.

Discover what it's like to be a Speech Language Hearing Sciences or Teaching English as a Second Language student at Brock. Join a demo class designed just for you. You'll hear a 'mini' lecture and participate in some interactive learning activities with one of our professors (no tests, we promise!). Then listen to a panel of current students share their experiences in our programs. We'll conclude with a Q&A period so you can get answers to all your questions.

Child and Youth Studies

South Block 204
1:15 – 2 p.m.

Learn more about how our CHYS program unites scholars from distinct academic disciplines to provide an exciting breadth and diversity of perspectives. With a BA in CHYS, students will be equipped with research skills that cut across issues and disciplines. Also, discover the many experiential opportunities available including service-learning opportunities, fieldwork and guest lecturers. We will also be discussing the wide variety of careers related to children and youth that our Child and Youth Studies alumni have gone on to pursue.

The difference you make with Critical Criminology & Sociology

South Block 204
2:15 – 3 p.m.

Studying Sociology and Critical Criminology prepares you to contribute to many fields of work and make a difference by cultivating transferrable academic and interpersonal skills. In this session, you will hear from current students about their topics of study, the passions these courses ignite, and the career paths they open up.

Study abroad, Disney exchange, field courses, and more: Explore the world through your studies

South Block 215
12:15 – 1 p.m.

You're invited to join the Department of Geography and Tourism Studies and Brock International to learn about ways you can experience the world during your time at Brock. We will highlight domestic and international field courses, the Disney exchange program, and international exchange opportunities at this session. These opportunities are open to all Brock students!

Did you know? Brock is one of only six post-secondary schools and three universities in Canada to offer the Disney Exchange program!

Forensic Psychology and Criminal Justice: A one-of-a kind program

South Block 203
1:15 – 2 p.m.

Come learn about the exciting and diverse world of Forensic Psychology and Criminal Justice at Brock University. We will give an overview of your four years in our innovative program, including our exciting practicum opportunities.

Psychology at Brock: Providing support from backpack to briefcase

South Block 203
12:15 – 1 p.m.

Feeling a bit nervous about starting university? Come and find out how Brock's Psychology Department will support you both academically and personally as you move through your degree. You'll hear about how our first-year course fosters a smooth transition from high school by providing opportunities to meet people and develop key skills (note-taking; reading challenging textbooks). We'll also talk about unique opportunities to build career-related skills during the degree, and our two career preparation courses that will support your ability to compete successfully for a variety of jobs when you graduate.

Other Presentations

Your next steps to becoming a Brock student: Scholarships & awards, finance, orientation programs, course registration & more

South Block 216

11:15 a.m. – 12 p.m., 12:15 – 1 p.m., 1:15 – 2 p.m. & 2:15 – 3 p.m.

Ready to become a Brock Badger? Join us to learn more about your next steps to make a successful transition to Brock. We will discuss how to apply to scholarships & awards and Plus Programs, how course registration works and what summer orientation programs are offered. We will also walk you through typical costs for first-year students, and discuss OSAP and how to make payments.

Live on campus: Brock residence, your home away from home

Thistle 247

11:15 a.m. – 12 p.m., 12:15 – 1 p.m. & 1:30 – 2:15 p.m.

Make connections, build community and be supported. Learn about the various residence styles, features, supports, and amenities on campus living at Brock has to offer.

Maximizing Co-op Education

South Block 203

11:15 a.m. – 12 p.m.

Earn while you learn! Combining your academic courses with career preparation training and paid Co-op experience provides students with the opportunity to gain and develop skills, knowledge, and confidence for your future career journey. Attend this session to find out about the Co-op advantage and hear from our Co-op students about what it is really like to be a Brock Co-op student; current students will share their personal experiences and career paths.

International student information session

South Block 201

11:15 a.m. – 12 p.m. & 12:15 – 1 p.m.

Are you an international student wanting to study at Brock? Come and find out more about applications and admission to ESL, undergraduate and graduate programs. You may also chat with us about our international student scholarships and awards.

Med Plus, Law Plus & Fit Link Co-Curricular programs – your competitive advantage

South Block 203

2:15 – 3 p.m.

Interested in a career in healthcare or law? Explore our one-of-a-kind Co-Curricular programs not offered anywhere else, including Med Plus, Law Plus, and Fit Link. Attend this session to discover how you can gain practical experience, build core skills and network with professionals in various fields while completing your undergraduate degree. Listen to current students in their programs as they share their personal experiences and career paths.

Future Black Leaders

Thistle 244

1:15 – 2 p.m.

Join us as we explore resources available to Black identifying students. Resources include academic advising and supports, mentorship opportunities, student life, and the Black Student Success Centre. Meet with current Brock students and staff, to support your journey to post-secondary and/or beyond.

Choosing your pathway — a presentation for Grade 10 and 11 students

South Block 201

1:15 – 2 p.m.

Planning for your post-secondary education can be both exciting and overwhelming. With so many options to choose from, it can be difficult to know where to begin. Find answers to many common questions and let us help you get started on the path to beginning your own Brock experience.

Drop-in Sessions

Experience Makerspace

Rankin Family Pavilion

11 a.m. – 4 p.m. (drop-in)

Do you love to tinker, create, and collaborate? The Makerspace provides hands-on access to emerging technologies and a collaborative learning space for all to play, learn, and invent. Examples include 3D printing, micro computing, and robotics. Everyone is welcome to drop in and take advantage of interactive workshops, support from our skilled staff, and equipment to borrow for home use.

Matheson Learning Commons & James A. Gibson Library

Schmon Tower (main floor)

11 a.m. – 4 p.m. (drop-in)

Come take a look around the Library. We'd love to show you our spaces (drop-in tours available) and tell you about our services such as the scholarly books and journal articles that support Brock students and researchers. Bookable group study rooms are popular for collaborative learning, and our silent study areas are ideal for those who need a break from distraction. Ask us about our games and stressbusters! The friendly library staff are always happy to help.

Brock University Students' Union

Alumni Student Centre

11 a.m. – 4 p.m. (drop-in)

The Brock University Students' Union (BUSU) works tirelessly to provide you with the best student experience possible. BUSU builds on the Brock Experience through programs, events, services, advocacy, and employment/volunteer opportunities for students. Head to the Student-Alumni Centre to view a virtual tour of their spaces, including Isaac's restaurant and bar and Union Station food court. On your way, stop by BUSU's General Brock Café and Convenience Store, located in Welch Hall, for a freshly roasted coffee! To keep up to date on all BUSU has to offer, visit their website at brockbusu.ca and connect with them via @brockbusu on Instagram and TikTok.

Learning Services (Thistle 131) & Black Student Success Centre (Thistle 129)

11 a.m. – 4 p.m. (drop-in)

Learning Services offers workshops & resources, drop-in academic support, and tutoring — for students by students — with additional opportunities for students who may have faced challenges getting to university.

The BSSC (Black Student Success Centre) is the academic and personal hub of professional growth and development for all Black students at Brock and acts as both a partner and key liaison to the broader university community.

Drop by our spaces to learn more & interact with our staff & current students.

Where to eat on campus

Dining on campus is more than just breakfast, lunch, and dinner: it's where you meet your friends, fuel your body, and unwind from a busy day.

Come and experience the Fresh Food Company located in our Lowenberger and DeCew residence dining halls, featuring all-you-care-to-enjoy dining with an open atmosphere and a rotating menu with 9 unique culinary stations.

Speak with a Dining Services team member including our on-site Executive Chef and Registered Dietitian to learn more about Brock's Meal Plan options and membership benefits.

Brock University Dining Services also includes the following retail locations:

- Hungry Badger (Pizza Pizza & Pita Pit)
- Market Eatery
- Starbucks
- Tim Hortons

Niagara's university

Our location in St. Catharines, Ontario combines the best of everything. You'll enjoy all the benefits of a young, modern university, while living in a safe, community-minded city with beautiful natural surroundings.

Exceptional career preparation

We'll take you beyond the classroom and provide the tools and support you'll need to create exciting breakthroughs for yourself, your community, and your career. Brock offers an outstanding education that is complemented by one of the largest co-op programs in Canada and a vast range of on-campus and community-based learning opportunities.

We invest in you

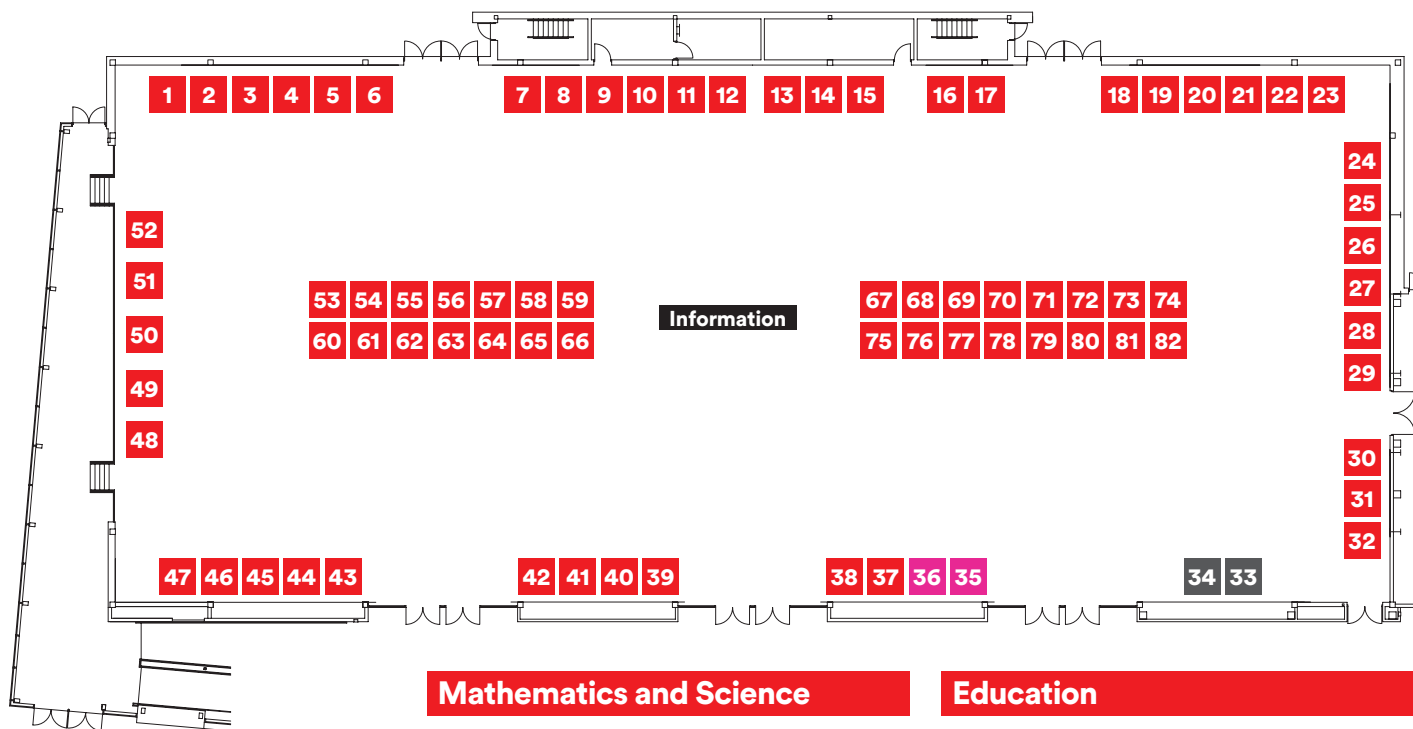

We've committed millions of dollars to help you succeed at Brock. We want to celebrate your achievements and to help with the costs of funding your education with our generous awards program.

You come first at Brock

Year after year, Brock is applauded for our high levels of student satisfaction. Brock is a place where everyone is welcomed and supported, and you are never just a number. We make outstanding service something you encounter every day.
