Student Accessibility Services

Purpose: We provide services and supports to foster an equitable educational experience for students with disabilities and assist them in achieving their academic goals. We facilitate academic accommodations and provide supports to students with a documented permanent disability or temporary ongoing medical, mental health and/or cyclical health condition which is affecting academic functioning. Services and accommodations are determined on an individual basis. Please visit brocku.ca/sas for more information and a list of required documents.

Register with SAS:

Students are encouraged to contact SAS, preferably before admission to Brock, to initiate services and to set up an appointment. New Students can complete the registration form that is available at brocku.ca/health-wellness-accessibility/sas/new-students/registration

New students can also register with our department when they register to attend Smart Start. Register for Smart Start at brocku.ca/start

- Indicate on your Smart Start application that you are a student with a disability and wish to meet with SAS
- Upon receiving your request, SAS will make arrangements to meet with you on the day that you visit Brock to attend the Smart Start program
- You are encouraged to submit the appropriate documentation no later than two weeks prior to your scheduled Smart Start date

Transition Programs: In addition to our partnership with Smart Start we offer our Start with Strategies Summer Program. Start with Strategies is a workshop-based program designed to address the specific and unique needs of incoming first year students with a diagnosed Learning Disability and/ or other documented disability who are transitioning to the post-secondary environment. For more information, please visit brocku.ca/health-wellness-accessibility/sas/strategies-conference/
