

## OUTCOMES

95%

of co-op employers use co-op hiring as a pipeline for future talent.

Plus programs like LawPlus and MedPlus are transdisciplinary programs that prepare you for careers in your chosen field.

93.4%

of Brock students are employed within six months of graduation.

## OPPORTUNITIES

Co-op at Brock gives you the opportunity to apply what you learn in the classroom to real-world situations. Our students discover their talents daily, gaining experience and an edge in a global economy.

Visit with our team early in your student career and take advantage of CareerZone to learn more about how you can leverage your talents.

100%

Twenty different types of experiential opportunities are built into the University's courses - from labs and simulations to practicums and internships. 100% of our programs have opportunities for experiential education.

## OPPORTUNITIES

Although 95% of co-op students enter their programs from secondary school, entry into co-op is also available to high-performing students following their first year of study.

Our team helps students navigate career opportunities and develop career goals while supporting employers with their campus hiring strategies and building a pipeline of talent for their organizations.

Experiential Education engages students in first-hand experiences in order to develop skills, clarify values, contribute to local and global communities, and make learning come alive.
